Deccan International School provides an empowering learning environment that nurtures empathy and inquiry in students, enabling them to excel in an ever-changing world.

ABOUT

Deccan International School is a co-educational school that is centrally located in South Bengaluru. Founded in 2003 and headed by Mr. K. N. Tilak Kumar of Deccan Herald- Prajavani, our school is run by K. N. Guruswami Educational and Charitable Trust. It is affiliated to the CISCE, New Delhi & CIE, UK.

Our school extends over an expansive 10 acre campus, designed with a view of offering our students a host of facilities under one roof. While 'Education in its holistic form' is the pivot around which the functioning of our school revolves, our more specific goals are:

- To nurture the desire for life-long learning and augment the innate curiosity in each child.
- To curate the passions of each child, helping them flourish in their unique and creative ways.
- To enable the child to face academic challenges & excel without pressure.
- To inspire in children a love for nature, art, sports & culture.
- To offer a diverse and agile curriculum that will enable children to meaningfully contribute to society.

CURRICULA

Following the ICSE curriculum up to Class VIII, Deccan International School offers its high school students a choice of curricula -

- **Indian Certificate of Secondary Education (ICSE)** for Grades 11 and 12 prescribed by the Council for the Indian School Certificate Examinations, New Delhi - (CISCE).
- **International General Certificate of Secondary Education (IGCSE)** for Grades 11 and 12 prescribed by the University of Cambridge International Examinations, UK - (CIE).
- **Cambridge International AS and A Levels** for Grades 11 and 12 prescribed by the University of Cambridge International Examinations, UK - (CIE).

INFRASTRUCTURE & FACILITIES

A great ambience has been created with utmost care in order to impart a multi-faceted education to our students. The open space all around the school is filled with plants and other greenery, creating a tranquil yet invigorating atmosphere for learning. Our modern teaching methodologies and computer-aided curriculum promote independent thinking and create technological proficiency in our students.

- **CAMPUS**
A picturesque, lush green campus spread over 10 acres of land.
- **FACULTY**
A student friendly, progressive, tech savvy teaching faculty
- **CLASSROOMS**
Spacious and well-lit classrooms. Interactive white boards for teaching with updated technology. Numerous modern teaching aids.
- **SPORTS FACILITIES**
